The screenshot displays the MongoDB Atlas web interface. On the left, a sidebar shows the database hierarchy: 'cluster0.net8grn.mongodb.net' > 'cluster0.ravjkye.mongodb.net' > 'DannaStore' > 'Products'. The main panel shows the 'Products' collection with three documents. Each document is displayed in a card format with its fields and values. The documents are:

- Document 1:** `{ id: 1, brand: "Samsung", model: "Galaxy S24", price: 900, stock: 12 }`
- Document 2:** `{ id: 2, brand: "Apple", model: "iPhone 15", price: 999, stock: 7 }`
- Document 3:** `{ id: 3, brand: "Xiaomi", model: "Redmi Note 13", price: 280, stock: 25 }`

At the top of the interface, there are buttons for 'ADD DATA', 'EXPORT DATA', 'UPDATE', and 'DELETE'.
